Memorandum to Presidents

Date: May 30, 1973

From: Office of the Vice Chancellor for University-wide Services and Special Programs

Subject: Housing of Part-time Students in Residence Halls

A question was raised at the Conference of Presidents in Cooperstown about University policy on the housing of part-time students in residence halls. There are no Trustee or University policies which prohibit housing of enrolled part-time students. Therefore, each campus may determine if residence hall facilities are to be made available to these students.

It should be noted, however, that under Trustee policy 71-359 only full-time students may be required to live in residence halls.
