Memorandum to Presidents

Date: July 22, 1974

From: Office of the Chancellor

Enclosed are copies of the State University's 1974 Progress Report: Implementation of the Master Plan of 1972. Additional copies may be obtained from the Office of Policy and Planning.

As you’ll note, the report has been issued in two sections. Part I presents a description of the progress made on the recommendations in the 1972 Master Plan, while Part II provides statistical information requested by the Board of Regents.

We greatly appreciate the assistance of your campus in compiling information for this report, particularly in supplying the statistical data on such short notice.

While the process of preparing this Progress Report has served to remind us of the areas in which we would hope to move faster, it has also heightened our awareness of what the University is accomplishing. We trust that, as you read the report, you'll share this feeling.

Any comments or reactions you'd like to submit would be welcomed. Again, thanks for all your help.

Ernest L. Boyer
