Sense of the Senate

Motion

It is the sense of the University Faculty Senate that its president convey to Chancellor Zimpher and Provost Lavalée its strong endorsement of Chancellor Zimpher's recommendation of March 22, 2011 to the Board of Trustees, entitled "State University Board of Trustees Policy on Out-of-State, Credit-bearing Academic Degree and Certificate Programs," with the recommendation that the word "governance" be included in the second Resolved clause between the words "faculty" and "of."
